BiŌdene

ANIMAL BY NATURE

BiOdene

Biodene is a **French hygiene and care brand** that contributes to the **health of all domestic animals**, taking the utmost care to **protect the well-being of animals and the planet**.

ANIMAL
BY NATURE

Veterinarian approved

Made in France

Ecodesign

Organic

Sustainable development is central to our goals, as shown by the **environmental certification** (Edencert, Organic Petcare and AB/Organic Farming) obtained for our products, together with brand commitment to the international organisation «1% for the Planet»

A BRAND COMMITTED TO ENVIRONMENT PROTECTION

Biodene brand is a member of the 1% for the Planet movement!
1% for the Planet is a nonprofit organisation which brings together companies and associations **to protect the environment**.
As a member, Biodene donates **1% of its annual sales** to approved associations dedicated to environmental protection.
The logo of the movement is printed on all Biodene products!

Terdev, the association which benefits from our donation

For our first year of membership in the 1% For The Planet movement, Biodene has chosen to support TerDev association. Terdev is an association based in France, in the home-town of Biodene. Terdev is specialised in raising awareness about the importance of sustainable development : for a global education in favour of a development at the service of the earth.

BiÔdene

ANIMAL BY NATURE

BIODENE is a french brand which mainly offers certified organic natural products, to help meet the health and hygiene needs of all domestic animals, taking utmost care to protect animal well-being and the planet.
